# Friends of the Seminary Day

Saturday, October 7, 2023  
Wisconsin Lutheran Seminary

**THIS DAY.  
THIS PLACE.  
OUR TIME TO SERVE.**

Please join us on Oct. 7 for Friends of the Seminary Day, when men and women gather to learn more about the vital mission of the seminary. Presentations highlight some of the ways our seminary faculty and students are serving Christ's church on a wider scale on and off our campus. In addition, an offering is gathered to support a project on campus. Since 1973, friends of the seminary have given more than \$125,000 towards seminary projects through the WLS Auxiliary. The day includes coffee fellowship, worship, a light luncheon, and campus tours for those who wish to participate.

The seminary has operated on the Mequon campus since 1929. Plans are in the works for a new education center and a gathering space on campus by the hundredth anniversary of the campus. President Treptow will share the preliminary plans that call for the construction of new classrooms, office space for faculty members, and a gathering space for students and campus visitors.

The WELS has sent seminary students to Medellín, Colombia, for the past three years for their vicar year. It is a blessing to work with our sister synod—*Iglesia Cristo WELS Internacional*—in this training effort. Senior Caleb Koelpin will share his and his family's experience over the past year learning Spanish, moving to three different countries, and learning about ministry in diverse contexts.
