

The Seminary Chorus

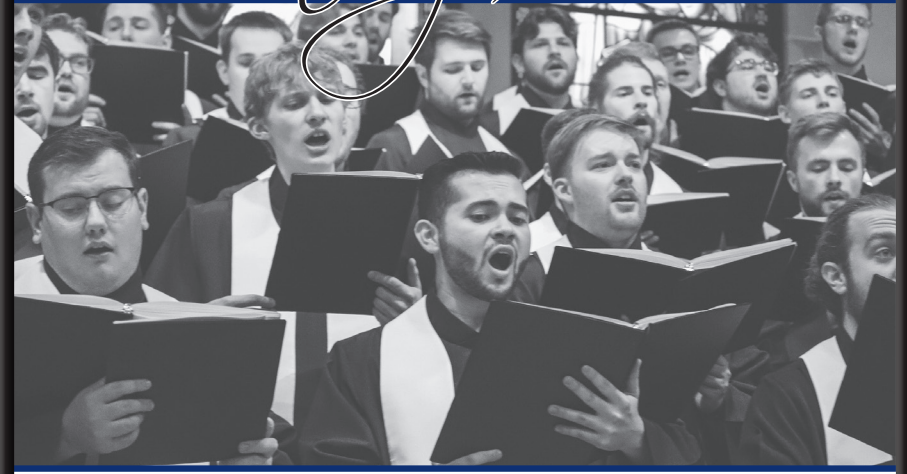

For 93 years the Seminary Chorus has represented Wisconsin Lutheran Seminary in congregations throughout the country. Accompanied by a variety of instruments, the 58-voice choir sings classics from the past as well as new music from today. Best of all, their songs proclaim the grace of God who sent his Son Jesus to save us all.

Wherever they travel, these young men are eager to talk about the work they do to prepare to serve as pastors. They're thankful for the school they attend and the training and experience it gives them. They also appreciate the people who support them with gifts and prayers. They will be honored if you come to hear them sing and thrilled if you sing with them.
